Notice: Announcement of British Virgin Islands Government Hurricane Irma Relief Funds

The British Virgin Islands Government has established two official Hurricane Irma Relief funds into which the government encourages monetary contributions to be made. These are:

BVI Hurricane Irma Relief Fund (BVI London Office & BVI Tourist Board UK Office)

The Government also welcomes corporate and private pledges of financial support and requests that these be confirmed via email at enquiries@bvi.org.uk.

Several queries from the public have been received seeking confirmation of the authenticity of a number of the relief funds proposed for the British Virgin Islands in the aftermath of Hurricane Irma.

The Government invites the establishers of any relief funds to register their fund with the government via email by providing the name of the fund, link/web address, primary contact person, address and indication of expected use of the funds so that the authenticity of the proceeds can be assessed.
